# Child Care Assistance

*Are you a migratory farmworker and need assistance paying for child care while you work?*

**DHHS can help!**

- New Categorical Eligibility in 2016 removing the Income Test making migrant families eligible based on migrant status
- Families who are categorically eligible will have the department's family contribution rate waived
- Continuous eligibility for 12 months with few exceptions allows families to maintain child care eligibility longer.
- Providers with a rating of 2-5 stars receive a higher hourly reimbursement rate.

***We encourage families previously ineligible to reapply in 2016!***

Contact your local MDHHS office for more information; see map on the back for office contact information.

Resources for Parents and Providers can be found online at [www.michigan.gov/childcare](http://www.michigan.gov/childcare). Assistance is also available by calling toll free 1-866-990-3227 (Spanish-speaker available).

To register for the free Great Start to Quality Orientation training, visit <http://www.GreatStartToQuality.org> or call 1-877-614-7328, enter your zip code at the prompt for the office near you.
