

5th Grade News

December 22, 2023

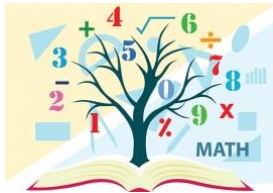

Trinity

Lyndzie

Last week Trinity Woodard and Lyndzie Osburn both earned ties. Among our two classes we had so many students making huge gains on the math and language arts MAP (NWEA) tests, but Trinity and Lyndzie had the highest combined gains among all our 5th grade students. Great job girls!

Math:

In math we have begun a unit on multiplication and division of fractions. We have been multiplying fractions and whole numbers, as well as learning to simplify equations as well. After break, we will be working on multiplying

fractions times fractions and mixed numbers.

Language Arts:

Students finished the novel, Among the Hidden by Margaret Peterson Haddix. It was enjoyed by all. Please ask your child to give you a summary of the book. When we return from the holiday break, we will begin our third unit of Wonders.

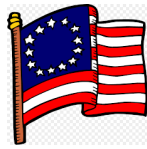

Spelling: Spelling will return as normal after the break.

AR Reading Goals: Today was the 100% checkpoint for AR. New goals will be set upon returning from break.

Science: Students wrapped up their unit of study on water. They will begin a new unit about space next.

The salmon are growing. They are now at the fry stage and have begun to eat food.

History:

In history we have begun a study on events that will lead to the American Revolution. Recently we have been studying the French and Indian War. Students have learned how that changed the world and how that led to the American Revolution.
