with Mrs. Courier, Mrs. Oswald, and Mrs. Rich

DECEMBER 2023

This Month in STEAM

Thank you to everyone who ordered from our Square1Art fundraiser! We were able to raise a good chunk of money for our STEAM program.

In December, we have lots of fun things happening in the STEAM room! Fifth graders are deep into their engineering challenges and are doing amazing! Fourth graders have started their coding unit and are learning how to be computer programmers. Third graders are about to finish up their coding unit, and we are sprinkling in fun art activities here and there! I hope everyone has a great holiday!

Sincerely, Mrs. Courier

This Month in Music

'Tis the season for concerts! We look forward to seeing families attend our Concert/Family Night on December 12th. Plan to bring 3rd grade students to the high school auditorium at 4:45, 4th grade at 5:45 and 5th grade at 6:45. Family activities run throughout the night so feel free to check those out as well. Usual concert attire is black on bottom and a Christmas color on top- of course dresses and suits are allowed if you would prefer. My groups this year bring so much enthusiasm to their music and cannot wait to share it with you! Hope to see you there!!

Sincerely, Mrs. Rich

This Month in P.E.

It is that time of year, please make sure your child has a pair of shoes to wear indoors! Our selection in the office is dwindling. Boots are not supportive footwear and cause injury.

We have been working on overhand throw, and a few fitness challenges. We are wrapping up our chin up challenge and I have been very impressed! The winners from each grade level will have their names on the wall in the gym, with the amount they completed.

This month we will continue to work on overhand throw, cooperative and seasonal games and some fitness challenges. When we return from break we will be working on volleying and netgames.

Sincerely, Mrs. Oswald
