

# WOODVIEW SPECIALS NEWSLETTER

with Mrs. Courier, Mrs. Oswald, and Mrs. Rich

**FEBRUARY 2024**

## **This Month in STEAM**

In February, exciting things are happening in STEAM! The third graders have worked so hard on their yarn weavings, and they are so excited to get back to the computer lab as we begin working on our animal research project.

Fourth graders are hard at work on their collage art. This was a huge project that spanned over several weeks. Ask your fourth grader about which animal they chose to create!

Fifth grade students will be starting a new unit on Google Sheets. They are so excited to learn how to make their very own charts and graphs!

Sincerely, Mrs. Courier

## **This Month in Music**

The month of February in music class is getting very exciting with students taking leadership in playing various instruments. Students are excelling in rhythm and note reading and directly applying their skills. Choir club is also preparing for their performance at the high-school at 4:30 on February 15th. Friends and family are welcome!

Sincerely, Mrs. Rich

## **This Month in P.E.**

Fifth graders are continuing to study the muscular system, the test will be the last week of February. Attached is a study guide for them to use at home.

All classes are working on volleying with rackets this week. Next week we start volleyball skills.

Save the date: Our Field Day is May 23, more information will be posted on the specials Facebook page .

We have had much cleaner gym floors lately! Please remind your child to dedicate one pair of shoes as indoor only. I do have some shoes they are able to borrow during PE if they forget to bring shoes.

In good health,  
Mrs. Oswald

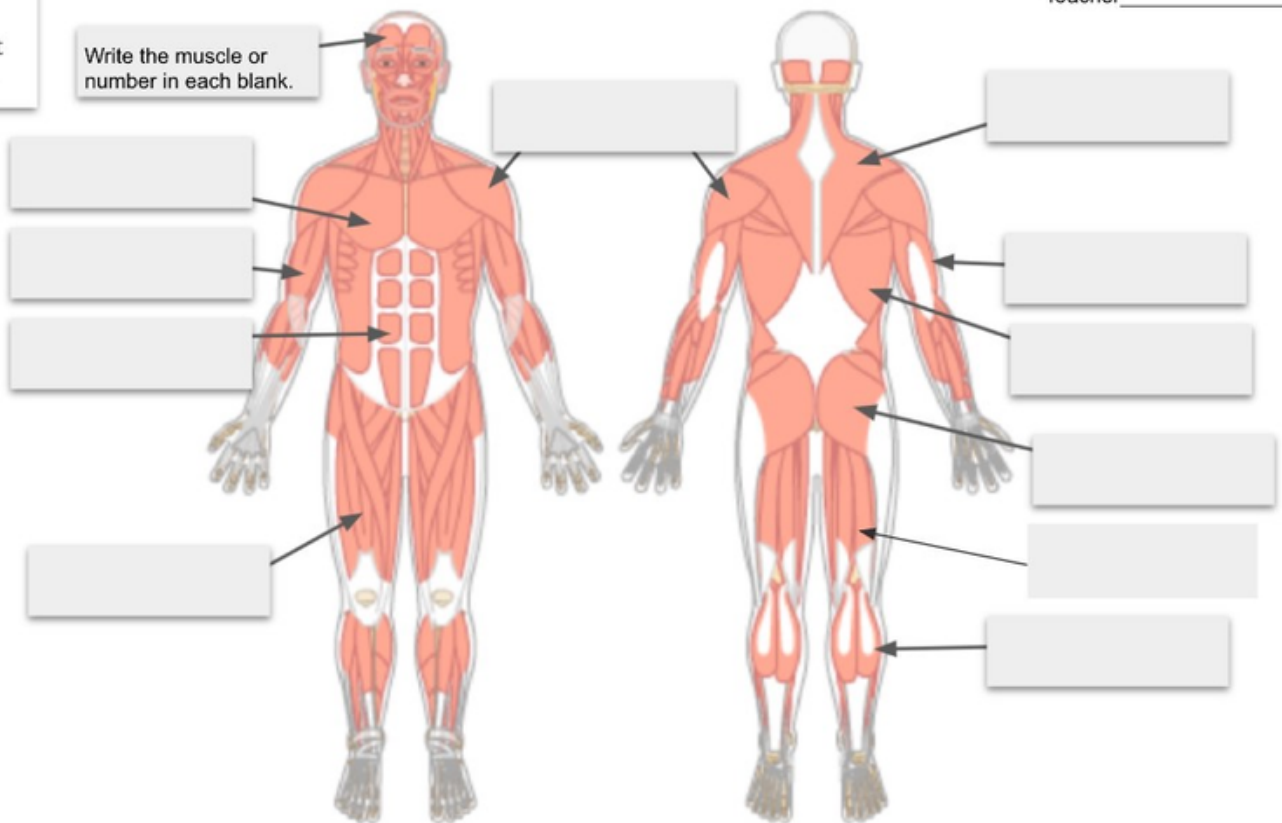

# 3rd Grade Shoe Tying Competition

Get ready to lace up because starting this February, 3rd graders will be showing off their shoe-tying skills in PE! And here's the best part: if you can knot your laces three times in a row, you'll unlock a toe-tally awesome prize! But that's not all, folks! Once the entire class can tie their shoes, they'll earn a free choice PE class! Who knew shoelaces could be so exciting?

**Directions:** Write the matching muscle group or number in the correct location on the diagram.

Name \_\_\_\_\_  
Teacher \_\_\_\_\_
