Greetings from 4th Grade!

We have settled back into our school routine after the week we had off for spring break. We started the week with some fun activities outside viewing the solar eclipse. Luckily, the weather was wonderful and Ms. Takens purchased viewing glasses for the class.

I shared with the class on Monday that after 32 years teaching for Belding Area Schools, I will be retiring. I have thoroughly enjoyed my years in the classroom. I am so happy that I get to spend all of my “lasts” with your children. They are all so sweet and make coming to work each day so much fun. It is bittersweet for sure. I know I will see them in the community, at sporting events or shopping at local stores. We agreed to make the final days of the school year good ones!!!

Math: We are in the midst of Module 5—Decimals. We will be finishing up this module next Monday. We will review on Tuesday and test on Wednesday. Our final module will be Geometry. Each night, students have homework that should be completed at home. There is also an info sheet at the front of the homework with example problems. Also, if your student is not bringing home their homework, please encourage them to get this extra practice in.

Science/Social Studies: We are continuing our Regions unit, but have also done some lessons from the Human Machine Mystery Science Unit. On Thursday, we had our second Aquinas student in to teach a lesson. Her lesson was about the human eye. Ask your student about this experience.

Language Arts: Our focus in whole group language arts instructions will be on various Genres. This week we are focusing on Historical Fiction. Next week we will move to Mythology. We also continue reading groups during our Google Classroom time. .

AR: Our AR board was updated on Friday, April 12th. Students were given prizes based on their progress towards their goals. (25% piece of candy, 50% mechanical pencil, 75% a snack, 100% free book or fidget) 3rd marking period ends on March 8th. Keep reading and taking tests.

**BELDING AREA SCHOOLS
STUDENTS**

**ALL students
K-8 report to
ELLIS
ELEMENTARY
SCHOOL**

KIDS SUMMER ENRICHMENT

**FOR STUDENTS IN
GRADES K-8**
