

NOVEMBER 13TH

# Mrs. Wood's 3rd Grade

## this week

### • READING:

We are starting a new unit on informational text. This time around, we are focusing on the question, "What do we know about Earth and its neighbors?"

### • WRITING:

We are finishing up our limerick poems and moving on to writing our own informational text about the planets.

### • MATH:

We are focusing on multiplication and division again. This time, we are specifically working with 6, 7, 8 and 9.

### • SOCIAL STUDIES

We have started reading and discussing the groups that first lived in Michigan. We are talking about how trading was important to the Native Americans.

## at home reminders

Woodview is focusing on what we're thankful for. One way we do this is by donating items for our school wide food drive. If you are able, please send in nonperishables items with your student. All items make a Thanksgiving meal for families in need this holiday season. If you need support at home and could benefit from these services, please reach out!

*Please continue working on skip-counting and multiplication facts at home. These are so important for the students to know as we continue working on them at school.*

## important dates

November 17th - Popcorn Friday  
November 22nd-24th - No School

December 12th - Christmas Program and Math/Reading Night  
December 22nd - Half Day  
December 25th-January 5th - No School
