

FEBRUARY 5TH

Mrs. Wood's 3rd Grade

• READING:

We have started our unit on realistic fiction stories. We are discussing how we can use our talents to help others.

• WRITING:

We are working on our own expository text about an important time in history. We will be turning it into a newspaper article.

this week

• MATH:

We are nearing the end of our area unit. We are working on using area and what we know about multiplication to find possible side lengths.

• SCIENCE

We are starting a new science unit on heredity, survival, and selection. We will be focusing on traits and selection.

at home reminders

Our Valentine's Day party is coming up! I have added the sign up link to Class Dojo if you are able to donate items. On the back of this newsletter, there is a class list if your child would like to do cards! If you don't have cards at home, let me know. I have extra.

Please continue working on skip-counting and multiplication facts at home. These are so important for the students to know as we continue working on them at school.

important dates

February 9th - No School

February 12th - No School

February 14th - Valentine's Day Party

March 6th - Half Day/Conferences

March 7th - Conferences
