

OUR CLASS Newsletter

★ The Week of 10-6-23

DATES TO KNOW

Oct 18 – Picture Retake Day
Oct 20 – Half Day/End of Marking
Period 1
Oct 23 No School
Oct 31 – Halloween Parties (details to
come later)

We are trying a new math program this year from Eureka Math. It is very similar to Engage NY with a few differences. When your child brings home their math homework, you should notice that there is a page that explains the lesson and tells the family how to help their child with their homework.

HOMEWORK

Your child should bring math homework every night except for Fridays and nights that we have a quiz or test. They are also expected to read at home every night for at least 15 minutes. This is how they become better readers... by practicing reading at their level or challenging themselves by reading a little above their level.

WHAT ARE WE DOING IN CLASS??

In Math, we just wrapped up our first module on Place Value and had our first big test. We begin our Multiplication and Division Module on Monday, October 9th!

In Language Arts, we are working on realistic fiction and expository text. We will also be starting a persuasive writing unit this week in which we will be trying to sell a haunted house! Should be a lot of fun for all!!

In Science, we just finished our Birth of Rocks unit and will be starting a Social Studies on Government in preparation for our field trip to the Capitol Building in December.....details to come soon on that one!
