- Halloween is around the corner! I will be sending out more information about our party very soon!
- Woodview's Book Fair is scheduled for the week of Oct 31st—Nov 3rd!

Happy 8th Week of School!

Our 4th grade class had a wonderful 8th week of school! Time flies when you are having fun and learning! We

Math: We are at the end of Mission #2 in Math. We just took our unit test this week on Friday, and the class put in all of their effort to make sure they were ready and prepared for this test. Next week we will be starting Mission #3. We will be working on multiplying and dividing big numbers. Please be aware of homework coming home. If the students do not finish in class, they should be taking it home. Please check in with them every night to make sure it is done. That way, they can bring it back the next day and it can be graded! If you are looking to challenge your kids at home, quiz them on their multiplication facts!

Social Studies: Next week, we will be starting our first Social Studies unit. We will first be covering information about Government. We are going to become experts before we travel to the Capital Building in Lansing this year!

Science: Our class wrapped up our first unit in Science called "The Birth of Rocks". The students did fantastic, I am so proud of them! We did a great amount of work in the classroom with this unit.

Language Arts: We just finished Unit 2 in our Reading/Writing program called "Wonders". Next week, we will be starting Unit 3, where we focus on Argumentative reading and writing. Students have also selected books that are fit to their reading styles and levels in class. Along with that, we have been building up our writing stamina We have created journals that the students write in weekly. Ask them about it, we all have been really excited for it everyday! **Please make sure to read with your students at home every night for 30 minutes.** This will only benefit them!
