Dates to Remember.

May 15th—Camp Roger Field Trip

May 23rd—Field Day

May 27th—No School

May 29th—1/2 day for students (last day of school)

Testing Dates:

NWEA: May 14th and May 16th

Important Reminders:

- Please be aware of homework coming home with your student. It is important for them to complete what they have not in class, so please be checking with them every night to see if they have work to do!
- Testing dates are located up in the dark orange box. These dates are important and your child needs to be here to complete these tests, and ON TIME! Please be aware of the dates!
- Our field trip is set for May 15th at Camp Roger. The permission slip form was sent home already so if you have not gotten that form in yet, please do so by next week! Our spots for chaperones on the bus are full, I will be contacting those who have one of those spots. Everyone else may drive separate! Please email or call if you have any questions at all.
- As always, PLEASE do not be afraid to reach out to me by phone or email!

What's happening in 4th Grade!

Math: We are at the end of Mission 5 in math! We just took our unit test on today (Friday) and the students did great! The students have been working hard learning about fractions (how to add and subtract them with alike and unlike numerators and denominators!) On Monday, we will be starting a unit dealing with decimals. I do remind them of any homework they may have every day, so please be aware.

Reminder: They should have their Problem Sets AND Homework sheets in their folder that should be traveling from home to school every day.

Science: We have switched back over from Social Studies to Science. The students did a great job completing and understanding our country's regions. We finished up our Unit called "The Human Machine" and I think this unit was their favorite so far! Ask them about it! Next week, we will be talking about Energy.

Social Studies: On a break!

Language Arts: In ELA, we are currently working on (as a grade level) a genre study. We have selected 5 different genres to investigate and learn, and each week we learn about one specific genre. We are headed in to our fifth and final week and we will be studying informational text. The students seem to like the pace, stories we read in class, and work that goes along with the unit! If you have a chance to ask your student about the genre we are on and the book they are reading, please do! We had some fun with the Mythology and Mystery units!

Please make sure to read with your students at home every night for 30 minutes. This will only benefit them!
