

Dear Parents,

Wow! It feels like we have been in school a long time already. We are already almost through our first science unit and will start with social studies/history soon. In math we have reviewed **place value** and **multiplication/division**. In reading, we wrote our first **narrative writing** piece this week. We also finished our first unit in our Wonders reading program. Students were also given **AR goals** and have started working toward those goals during independent reading time. If your student is not reading at home, please encourage him/her to do so for at least **20 minutes** each night.

We are piloting a **new math program** this year and would love your feedback! We are using Eureka Math 2 instead of Engage NY math – same content, different materials. Please contact Ms. Fruchey and let me know how it's going at home.

Cold/flu/COVID season is upon us! Please donate tissues and wipes (for tables and surfaces) if you are able. Thank you!

Don't forget:

- Students need **gym shoes** on Mondays and Thursdays.
- **Library** is on Thursdays.
- **Mobile dentists** will be coming to Woodview in October.
- Please join our **Class Dojo!** Invites have been sent by email.
- Order books any time online from **Scholastic Book Clubs**, classroom code **K8ZNR**. You can order from any of the many thousands of books Scholastic has to offer.

Feel free to contact us if you have questions or concerns at any time by note, email, Class Dojo, or phone call. Have a great week!
