

Belding Area Schools

The right size. The right choice.

March 22nd, 2024

Ms. Natalie Tomasoski

Phone: 906-794-9896 Email: tomasoskin@bas-k12.org

Dates to Remember.

May 15th—Camp Roger Trip

May 23rd—Field Day

May 27th—No School

May 29th—1/2 day for students

Testing Dates:

NWEA: Starts on week of May 13th

MSTEP: April 25th and April 30th

Important Reminders:

- Please be aware of homework coming home with your student. It is important for them to complete what they have not in class, so please be checking with them every night to see if they have work to do!
- Testing dates are located up in the dark orange box. These dates are important and your child needs to be here to complete these tests. Please be aware of the dates!
- We have one more field trip coming up in May. We will be attending Camp Roger. Our class will be going on May 15th. This is a full day trip, so please be aware of important information that was on the form that was sent home! Please call or email if you have any questions at all.
- DO NOT forget to fill out your DTE Energy forms please!
- PLEASE send your child to school with the appropriate weather gear. We have some things in the office if something is needed (hats, mittens, boots, etc.)
- As always, PLEASE do not be afraid to reach out to me by phone or email!

What's happening in 4th Grade!

The students have been working extra hard this week to master goals in the classroom!

Math: We are at the end of Mission 5 in math! The students have been working hard learning about fractions (how to add and subtract them with alike and unlike numerators and denominators!) Our unit test is coming up fast, so please be reviewing with your child. Please be aware of homework coming home. If the students do not finish in class, they should be taking it home. This homework should be coming home mostly every night. Please check in with them every night to make sure it is done. That way, they can bring it back the next day and it can be graded! I do remind them of any homework they may have every day, so please be aware.

Reminder: They should have their Problem Sets AND Homework sheets in their folder that should be traveling from home to school every day.

Science: We have switched back over from Social Studies to Science. The students did a great job completing and understanding our country's regions. The next unit in Science is named "The Human Machine". We will be talking about and investigating structures and functions of the human body. The students seem to be very interesting in this!

Language Arts: In ELA, we are currently working on (as a grade level) a genre study. We have selected 5 different genres to investigate and learn, and each week we learn about 1. The students seem to like the pace, stories we read in class, and work that goes along with the unit! If you have a chance to ask your student about the genre we are on and the book they are reading, please do!

Please make sure to read with your students at home every night for 30 minutes. This will only benefit them!

Have a wonderful weekend!
